Canvas Course Storage: 750MB

Item	🔺 Counts against 750 MB of storage	🚫 Not counted against 750 MB of storage
FILES	• **Files** uploaded into the *Course Files* area (e.g. images, documents, videos etc.) • **Discussions:** Attachments added to discussions. • **Note:** If students are allowed to create discussions, any files attached to student-created discussions will also count against course quotas.	• **Copied Files** - If you copy files from one course to another course via course import, the storage quota for the new course will not be affected. • **Graded Assignment Submissions** or attachments added to **discussion replies.** Max upload size per file for assignments with submission type 'online/file uploads' is 5GB*. Alternative submission options such as URL upload are available. • **Graded submissions through the Canvas Turnitin integration**. Max upload size per file is 100MB and a max page count of 800. *Uploads larger than 500MB for submission files are not recommended as some networks may timeout during upload.
VIDEOS	• **Video files** uploaded into the *Course Files* area, as above.	• **Videos** uploaded or recorded (e.g. with webcam) using the 'Upload/record media' tool in Canvas. This includes the following areas: Assignments, Conversations, Rich Content Editor and Speedgrader. Max upload size per video is 500MB. **Microsoft Stream and Mediasite** are recommended to host large media and audio files in Canvas courses. Please see this blog post and the Connected Learning at Queen's course for further information.
GENERAL COURSE CONTENT	• **Activities** built in the course such as pages, discussions, assignments, quizzes etc.	• As above.

• **Canvas Guide:** What are files?
• **Canvas Guide:** How do I use Files as an instructor?
• **Canvas Guide:** How do I view course files (or check the course quota) as an instructor?
• **Canvas Guide:** Record a video using the Rich Content Editor (an example of the record/upload media tool)

• **More information:** If you require additional storage for your Canvas Course please submit a support ticket via the Help menu in Canvas. We would recommend to host large media and audio files in your Canvas module through Microsoft Stream or Mediasite.
