

Enhancing Interactivity and Engagement with

Vevox is an audience engagement platform that can be used to promote active learning, gather feedback, encourage participation and support student engagement during face-to-face, hybrid and online teaching.

Access Vevox for free at queensuniversitybelfast.vevox.com using your Queen's email and password.

CHECK UNDERSTANDING QUICKLY

Multichoice – quick knowledge checks, misconceptions, revision questions.

Numeric – calculations, estimates, statistics, lab values, dates.

Text – short explanations, definitions, reflections.

SPARK DISCUSSIONS, SURFACE OPINIONS

Word cloud – gather first impressions, keywords, emotional responses or prior knowledge.

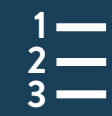

Text – collect anonymous comments, questions or reflections.

Rating scale – measure confidence, agreement or perceived difficulty.

ENCOURAGE COMPARISON & JUDGEMENT

Ranking – order priorities, steps in a process, causes, arguments or interventions.

Matching – pair concepts with definitions, cases with diagnoses, authors with theories.

XY Plot – position ideas across two dimensions, such as importance vs difficulty.

APPLY LEARNING TO VISUAL MATERIAL

Pin on image – identify areas on an image, annotate diagrams, locate features, mark errors or highlight evidence.

XY Plot – plot relationships, patterns or positions visually.

BUILD ENERGY, INCLUSION & ENGAGEMENT

Spin the wheel – randomly select topics, groups, case studies or discussion prompts.

Leaderboard – support quiz-style activities or team-based learning.

Timer display – structure short activities, peer discussion or retrieval practice.
