

The instruction to make an origami of a buffalo (Jean Jing)

<p>1) Make a square</p>			
<p>2) Along the diagonal, fold up</p>			
<p>3) Fold up (a few millimetres) along the base diagonal</p>			
<p>4) Turn over</p>			

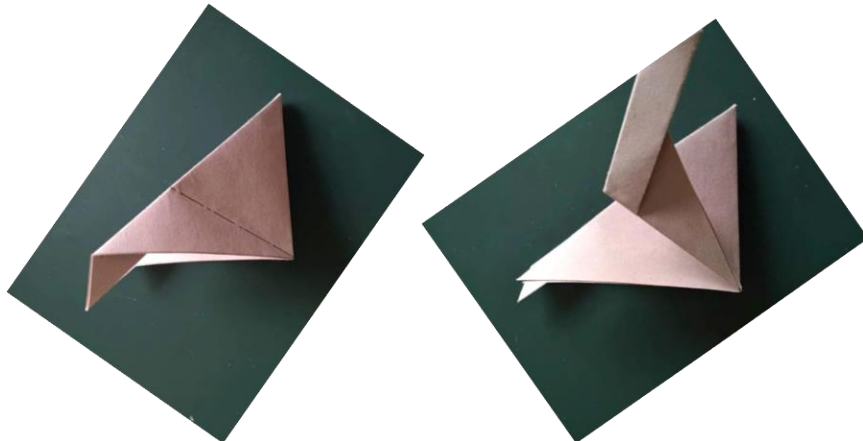

5) fold up in half

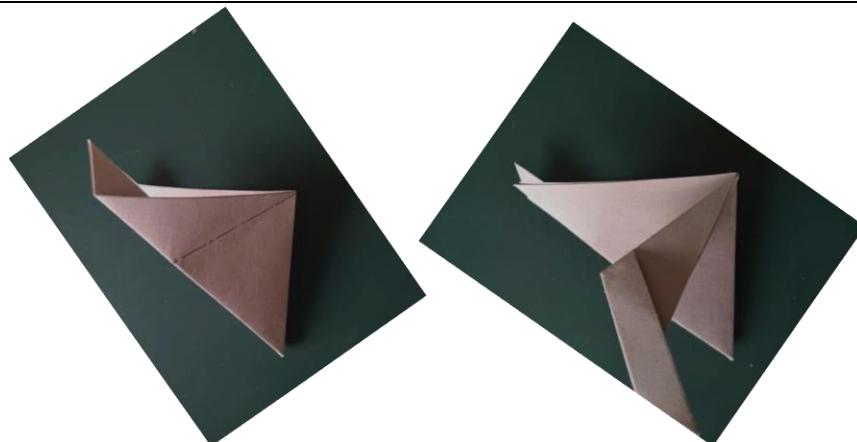

6) Along the central line, fold up on the both sides

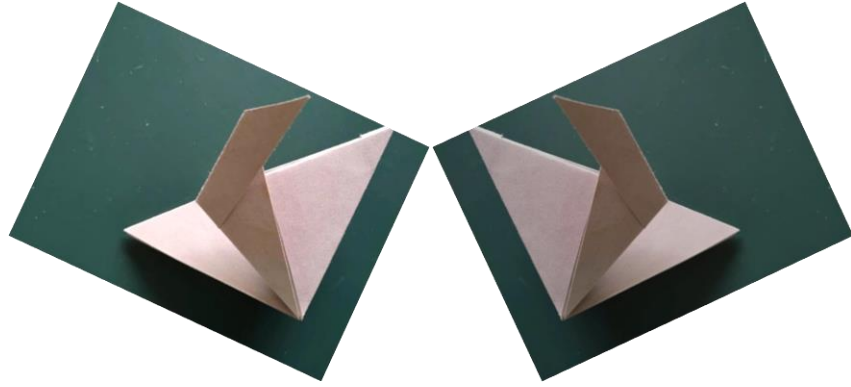

7) On both sides, fold up each, one side

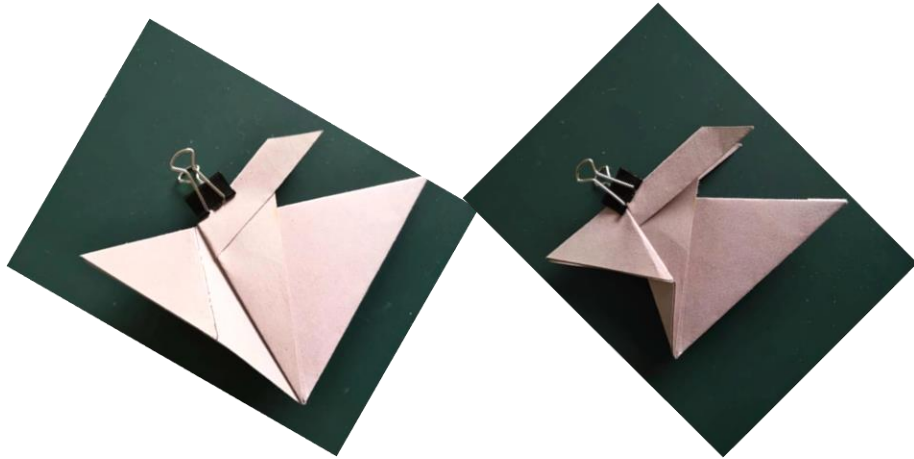

And on the other side

The side view
(mirror images)
from the result
of step 7

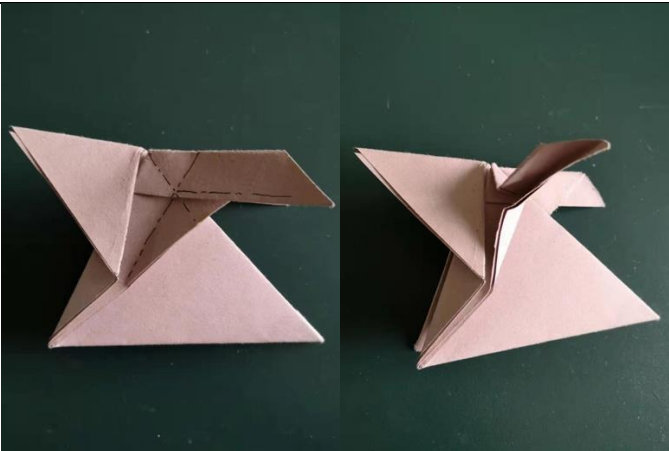

8) Following the
line, push the
triangle area
towards the
right and press
down hard as
the right picture
shows

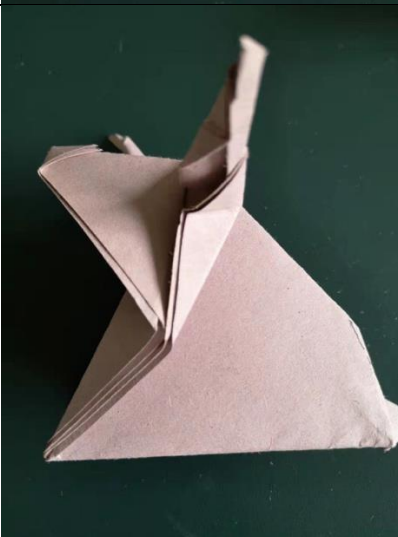

9) Making horns

Following the
lines to make
one horn of the
buffalo; and do
the same on the
other side

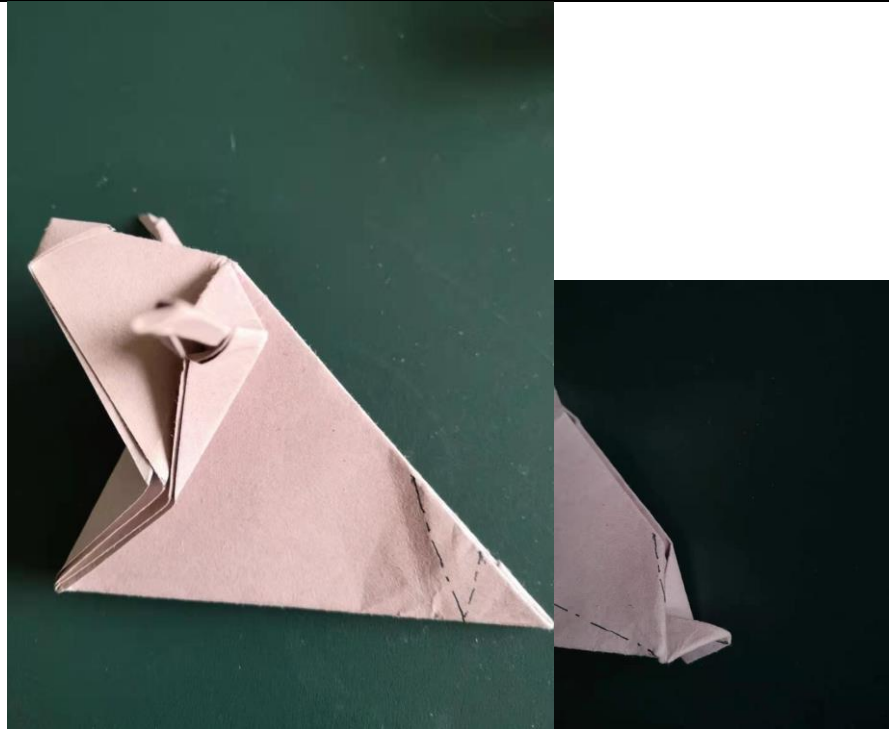

10) Making
mouth

The corner of
the triangle is
folded up

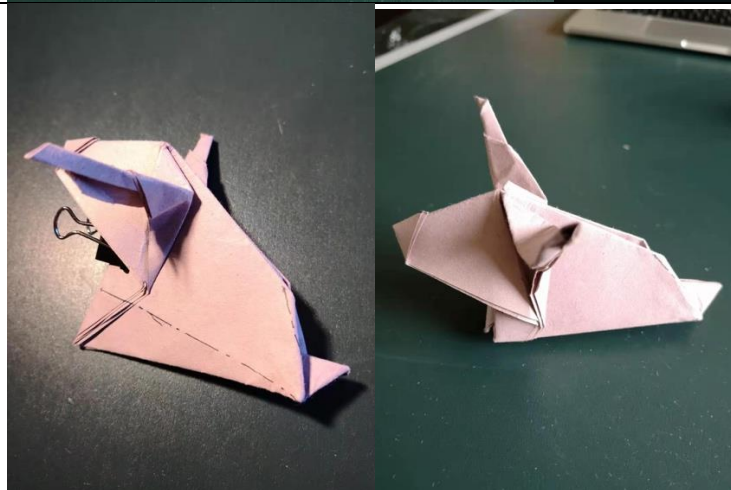

11) Making the tail

Along the lines, fold the corner in to make the tail.

12) The final steps

Along the line, fold in to make a base; do the same on the other side; and draw the two eyes. It is done!

The happy product:

Buffaloes in water
