Summer School Website

The New Methods for New Media Summer School website can be accessed at the following link

<https://blogs.qub.ac.uk/newmethodsfornewmedia2019/>

The Summer School is an environmentally friendly event and seeks to reduce paper use through making all documents available on the website and by email.

Internet Access and Computer Requirements

In order to fully participate in the interactive workshops, all participants will need to bring their own internet connectable device such as a laptop or tablet. There are two options for WIFI connection.

1. Eduroam
2. QUB WIFI passwords will be supplied to those who do not have Eduroam access.

For option 1, you will need to consult with your home institution. For option 2 please ensure your request has been received and processed at newmethodsnewmedia@gmail.com by Friday 6th September.

Software Requirements

Some method sessions will require software installed on your device. These include:

Working with Twitter data in R with Dr George Bailey (Friday 13 Sept, 11.45am)

R can be downloaded from here (<https://cran.rstudio.com/>), RStudio from here (<https://www.rstudio.com/products/rstudio/download/#download>), and there are also some links to tutorials here (<https://www.rstudio.com/online-learning/>).

Analysing Images using the UAM Image Tool with Dr Ruth Page (Saturday 14 Sept, 11.45am)

For this workshop you need to use the UAM Image Tool which is free to download at <http://www.wagsoft.com/ImageTool/>

*Please note participants should bring their own digital images for analysis.

Catering

Comfort breaks, refreshments and lunch will be provided throughout both days at the following times:

Day One		Day Two	
0900 – 0930	Tea/coffee	1045 – 1100	Tea/Coffee
1030 – 1045	Tea/coffee	1300 – 1400	Lunch
