Quiz Me

---

# Study Plan

---

I have an exam coming up for **{insert subject}** on **{insert date}** and need to study the following: **{insert list of topics}**. Create a study plan and include the duration I should spend on each topic.

---

# Talk to an Expert

---

Imagine you are {eg. Marie Curie}.  
Tell me about {eg. your groundbreaking discoveries  
in radioactivity} and answer any follow-up questions  
in this style.

---

# Presentation Planning

---

Help me plan a 10-minute presentation on **{insert topic}**. Make suggestions for visual aids, key points, and audience engagement.

---

# Summarise

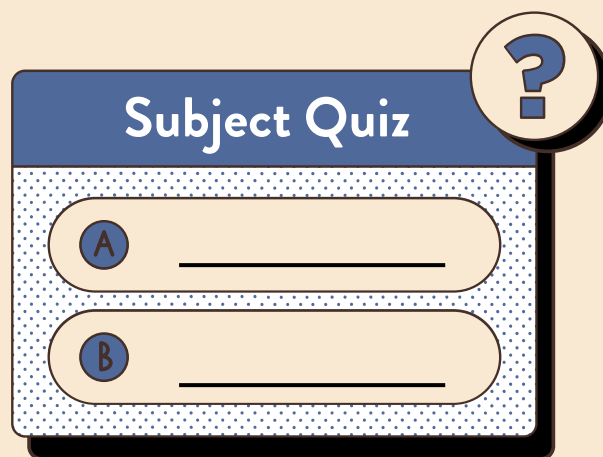

---

I'm reading an article on **{insert topic}**. Summarise it by splitting the information into two categories: the most important **20%** of key points and the remaining **80%** of supporting details.

---

# Quiz Me

---

I am currently learning about **{insert subject or topic}**. Provide a set of **{10}** quiz questions, and provide the answers after I respond with the questions.

---

---

**Copy and paste** these for your own use!

Check out the **Prompt Engineering Guide** for  
more sample prompts and tips.
